

# DIVYANSH PANDEY

B.Tech, Electrical Engineering

National Institute of Technology, Silchar

**Socials:** [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## EDUCATION

National Institute of Technology, Silchar

Bachelor of Technology in Electrical Engineering

2025 – Present

CGPA: 8.63/10.00

Leo International School

Class XII (CBSE) | 2024–25 | 95.8%

Class X (CBSE) | 2022–23 | 95.2%

## SKILLS

**Programming Languages:** Python, JavaScript, TypeScript

**Web Development:** HTML, CSS, Tailwind CSS, SvelteKit

**Backend & Networking:** Node.js, Express.js, Socket.IO

**Tools & Libraries:** Git, GitHub, NumPy, Matplotlib, VS Code

## PROJECTS

Real-Time Chat Application | June 2026

- Developed a real-time chat application using Node.js, Express, and Socket.IO.
- Implemented instant message delivery through WebSocket-based communication.
- Built a responsive user interface supporting multiple users in real time.

Habit Tracker | June 2026

- Built a habit tracking application using Svelte and TypeScript.
- Implemented local storage persistence and responsive user interface.

Portfolio Website | June 2026

- Developed a personal portfolio website using SvelteKit and Tailwind CSS.

- Designed and deployed a responsive portfolio website to showcase projects, technical skills, and achievements.

## **CERTIFICATIONS**

- MATLAB Onramp
- Simulink Onramp
- Machine Learning Onramp
- Control Design with Simulink Onramp
- Core MATLAB Skills
- Data Exploration with MATLAB Plots

## **COURSEWORK**

- Summer Analytics 2026 (In Progress)
- Machine Learning by Andrew Ng (In Progress)

## **ACHIEVEMENTS & ACTIVITIES**

- Participant, Robotron
- Active learner in Machine Learning, Data Science, and Web Development
